LOVE DOES

ANNUAL REPORT

OUR IMPACT

6 Countries

2,645 People Served

\$1.44 million sent to international projects

OUR PURPOSE

Our goal here at Love Does is to transform lives with lasting love. We have been working to provide education and fight for human rights in conflict zones throughout the world. With your help to make it possible, we have schools, orphanages, and safe homes in Nepal, Uganda, Somalia, India, Congo and Afghanistan. By seeking out the needs of the people and expanding and growing based on those needs, we hope to make a lasting impact in many people's lives.

OUR STRATEGY

In our work in conflict zones and developing countries, we begin by working with locals, who know the most about the true needs, and leaders who can help guide and assist us in implementing the most effective programs. We ask first what the best way is to help, and then we take action. We believe this method assures the best value not only for those benefiting from the programs, but also the donors supplying the funds. We are committed to this wholeheartedly.

THE POWER OF EDUCATION

Education is one of the most effective, long term ways to build peace. If the kids at our schools know peace and love and hope, we believe they will give that back to those around them. Oftentimes, what individuals bring into adulthood is what they experienced as children. By investing in long term goals for these children, together we can create a long lasting change in areas plagued by conflict.

To accomplish these goals, we purposely choose areas impacted by conflict and build schools. We assemble a team of amazing teachers who are passionate about taking care of the next generation and leading their countries forward. Then, we aim to equip the students with skills like leadership, peacebuilding and entrepreneurship so they can enter adulthood with a strong sense of who they are and contribute to their amazing communities.

2020

A YEAR WE WILL REMEMEBER

This is a time of uncertainty and change, but throughout it all, we have seen so many incredible examples of just how connected we really are and how much unity and hope matter. We have seen more kindness, more consideration, more respect and love. Each of you are such wonderful examples to us of how much hope there is, of people reaching out to each other and being a force of love in action.

**THANK YOU FOR BEING A PART OF THE LOVE
DOES FAMILY!**

COVID-19 UPDATE

2020 IMPACT REPORT

In each country that we work, there have been different regulations set out by the government in response to the coronavirus outbreak, and we have taken action to protect our students and teachers and reduce risk. In some of the countries we work, schools have been allowed to reopen, and we have send our students and staff back with increased sanitation and caution. For the places that are still restricted, we have supported them all with distance learning curriculums as well as food and medical supplies. We are keeping in close communication with all of our teams and staff to make sure everyone is taken care of and safe. The supplies, wages and care that you have provided have made an incredible impact!

With your support we have been able to:

- Pay all of our teachers and staff in each of the countries we work
- Provide food, soap and cleaning supplies to 1,200+ vulnerable families in Nepal
- Provide food, soap, and medical supplies to all of our students and their families in Afghanistan
- Extra food and supplies to our students in India and other vulnerable families in the area
- Give extra support to our 100+ staff and teachers in Uganda
- Provide food for 5,608+ vulnerable people in Gulu, Uganda
- Distribute distance learning materials to young students in the Gulu region
- Provide sanitizer for prisons and medical facilities in Gulu, Uganda
- Distribute a container full of 287,000 meals in Mogadishu, Somalia
- Send a container of 287,000 meals to Goma, Democratic Republic of Congo

UGANDA (CONTINUED)

2020 IMPACT REPORT

This year, we have been so impressed and grateful for our incredible students, staff and all of the people at our projects in Uganda. We are so proud of their innovation, resilience and determination to make the best of these uncertain times, and it has been an honor to stand alongside them and offer extra support throughout the year. Though we greatly miss the days where students filled all of the desks, and laughter and games filled up the campus between classes, we have still seen encouraging progress and new additions to our programs.

At Restore Leadership Academy, we finished construction of our new nursery school, located on our primary school campus. Restore Academies now have students from 3-20 years old, and it is such a joy to see them all grow and learn throughout their years with us. We also built a brand new library and medical clinic on our secondary school campus, and know what a valuable resource both will be when all of our students are back on campus!

Our final year students (the last year of primary and secondary school) were able to come back to campus to study for their national exams so that they can be eligible for graduation this year. They were all so excited to be back on campus, and all stayed healthy and happy throughout their term. For all of our students who were not able to come back on campus this year, our staff distributed monthly packets of notes for them to keep up with their studies and stay connected. We were so impressed by all of their dedication and hard work to make it all happen!

Lastly, following the nationwide lock down in March, our team began working with the local district officials to identify and supply food aid to the most vulnerable families in the community. Thanks to all of your generosity, much needed food and supplies were distributed to thousands of members of the community around our school, and we are all so grateful!

SOMALIA

This year, we reached our goal of sending one million meals to Somalia! In total, we have supplied and distributed 1,198,000 meals, and they have been an amazing resource to help the local community and families in the nearby IDP camps during these tough times.

We were every excited to finish the construction of our Girls Leadership Academy in Mogadishu this year. Our team has now begun the recruitment process to enroll 200 girls, and the Academy will begin with a pilot program in early 2021.

We are encouraged and grateful for all of the care and services provided by our baby home and safe house this year. Not only are they incredible homes full of love and support, but they are an invaluable resource to the local community and hospitals.

20 Babies in our Baby Home and **21** others who recieved services

16 Women and girls living in our safe house and **62** others recieved services

01 New school started

NEPAL

This year we finished the construction of our new primary school in a community outside of Kathmandu. The school teaches 5-6 primary level subjects and provides meals and supplies for all of the students each day. We currently have 20 students enrolled and will continue to grow the school in 2021.

The four girls in our home are all happy and doing well. They have been keeping up with their schooling through online classes, and are all grateful to have the structure and normalcy that it brings. When they are not studying or working on school work, they can be found doing arts and crafts, learning yoga, playing games and listening to music. Their resilience and optimism has shown throughout, and we are always so proud of them!

In addition to helping the families at our projects, our team has been working hard to help out in the local community. Many families rely on daily wages to provide for themselves, so we have been grateful to be able to offer some extra support and supplies. We are so grateful to our team and to all of you who have reached out and made this help possible!

01

New school started

AFGHANISTAN

This year we finished the construction of our brand new school building! The students and staff love their bright new space, and it has been a wonderful encouragement to them all throughout the pandemic.

We were grateful and excited that our students were able to come back to school starting in August, and they have been hard at work ever since. They are becoming excellent readers and are excelling in their classes, but more than that, we are so impressed by their character and the encouragement and support they give each other. They have created an incredible community together, and we cannot wait to keep cheering them on in all they do!

2020 IMPACT REPORT

INDIA

Our friends in India have been greatly impacted by the virus, and our thoughts and hopes go out to them all for a peaceful and healthy recovery soon.

We have been working with our team there to distribute packages of food and sanitizer for the students and families that attend our after school program, as well as the most vulnerable families in the community.

We are so grateful for your support in making this needed support possible! We will continue to work closely with our team to help this community as it responds and recovers.

INDIA

CONGO

Together with our wonderful friend Lauren Daigle and her foundation, the Price Fund, and in partnership with Justice Rising, this year we built a brand new nursery and primary school for 300 students!

The school year began in October, and we were excited and encouraged to see the classrooms quickly fill up with bright and eager students. Especially in these difficult times, we see how important it is to protect children and how much value education has in transforming entire communities. Learning is truly a gift, and you all have given so many students the opportunity of an excellent education. Thank you!

CONGO

OPERATIONS

At Love Does, we strive to be as careful as possible with every dollar. To further that goal, we have a nonprofit called the Love Does Parade. The Love Does Parade is a support organization to Love Does that helps us to cover our overhead expenses. It is an intentional way to make sure that each dollar you donate goes as far as possible.

Transparency is important to us. The Love Does Parade paves the way for us to become more sustainable and to increase the impact that each dollar has.

FRIENDS OF LOVE DOES

Everything we do is made possible by you — our loyal supporters, fundraisers, and friends. This year, more than **two thousand** of you joined together to support our work.

RECURRING GIVING

- Expanded to **1,200** members
- Represents **\$593,381** in annual recurring revenue for international projects

2020 AURORA PRIZE

We are thrilled and incredibly honored to be one of the chosen beneficiaries of the 2020 Aurora Prize.

The Aurora Prize for Awakening Humanity is a global humanitarian award established to recognize modern day heroes and the exceptional impact their actions have had on preserving human life and advancing humanitarian causes in the face of adversity.

We are so encouraged to be a part of a collective movement of organizations focused on the spirit of generosity and humanitarian action. We look forward to working together and using this prize to begin many new projects this upcoming year in 2021. We cannot wait to share our plans with you, stay tuned!

FINANCIALS

IN 2020, WE INVESTED **\$1.44 MILLION TO FUND OUR INTERNATIONAL PROJECTS**

Because of your generosity we were also able to:

- Provide food, medical supplies and aid to more than 19,000 people during the COVID-19 pandemic.
- Allocate funding for new projects that we have identified to expand into in 2021.

LOVE DOES

This year, we simply want to say thank you. Thank you for loving and advocating for our friends around the world. Thank you for taking action. Thank you for giving, praying, and sharing. You are making a difference and we couldn't do any of the work we do without you.
