OUR MISSION

Our mission here at Love Does is to transform lives with lasting love. Through this pursuit, Love Does has been working to provide education and fight for human rights in conflict zones throughout the world. We have schools, orphanages, and safe homes in Nepal, Uganda, Somalia, India and Afghanistan. By seeking out the needs of the people and expanding and growing based on those needs, we hope to make a lasting impact in many people's lives.

OUR METHOD

One of the biggest motivators behind what we do at Love Does is, not surprisingly, love. When presented with the immense needs of conflict zones, our only thought is to try to do more. We begin by working with locals, who know the most about the true needs, and leaders who can help guide and assist us in implementing the most effective programs. We ask first what the best way is to help, and then we take action. We believe this method assures the best value not only for those benefiting from the programs, but also the donors supplying the funds. We are committed to this wholeheartedly.

28 Girls in safe houses in Kampala

UGANDA

UGANDA (CONTINUED)

Restore Leadership Academy is a Love Does school teaching primary and secondary students in Northern Uganda. Our school has grown each year, and our students and staff are constantly amazing us!

Our Launch program sponsors 30 graduates of Restore Leadership Academy to attend universities all across Uganda. They are working hard to become doctors, lawyers, teachers and more!

We have two safe houses in the capital of Uganda for underage, sexually abused and exploited girls. We provide the girls with a home, health care, therapy and counseling in addition to helping them get back in school and paying their school fees.

We hold weekly classes for traditional healers to teach them basic literacy and anti-human trafficking.

We teach secondary school to inmates in Gulu Main Prison so that they can continue their education and plan for their futures.

Caretakers

We have a home for five young girls in Kathmandu. Their home is beautiful and safe, they attend an excellent private school nearby, they go to soccer practice together and study together. They have a wonderful dynamic - and it is so lovely to see them cared for and loved in all of the ways they deserve!

05

Girls in our orphanage

We have an after school program for kids whose homes were destroyed by the earthquake. They come to the center after they get out of school and get a meal, tutoring, help with homework, and a safe place to spend time.

IRAQ

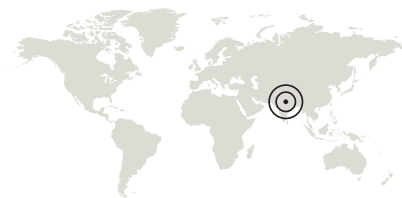

It has been an amazing journey in Northern Iraq for the last few years. With your help, we started a school, built a hospital, provided much needed food and aid for families affected by war, and built 20 homes for refugee families. None of this would be possible without your support! During this time we have been working alongside local partners and local government to carry out these projects and manage the ongoing operations.

We have now handed the school and hospital over to our local partners to continue to serve these communities. We feel confident in their ability to operate these projects well, and we know how much they care for these families!

SOMALIA

287K Meals given

234 Women and girls assisted through our safe house

11 Babies in our Baby Home

On one of our visits to Somalia, we were saddened to learn that many young women who become pregnant are often unable to care for their babies, or fear for their lives and will sometimes abandon them in the streets or at local hospitals. We decided to open a home to care for these tiny friends in all of the ways that they deserve!

We have a safe house for women and their children in Mogadishu. All of the women have been victims of gender based violence, and the home has become a refuge where they can live safely and seek medical attention, counseling and therapy. In addition, we provide them with job training skills to help them rebuild their lives.

September conference

The Love Does School is now home to more than 60 students. All of the kids are able to attend classes 5 days a week, and we bus them from their homes to the school. We have a wonderful school manager and amazing teachers and assistants that make this incredible place possible!

In September, we brought together young leaders from all of the many provinces in the country. We talked about their ambitions for themselves, for their country and for peace. We cannot wait to see where their dreams take them and how their ambitions change this country for the better!

LOVE DOES SCHOOL AFGHANISTAN

\$93,502 DONATED

In May, we opened the doors of our new school in Afghanistan! This school is a beacon of hope and a place of refuge for kids. It is stocked with books and led by brave Afghan people who believe as much as we do that the hope of this country is in the youth. By empowering these children through education, we hope to be part of building a more peaceful Afghanistan.

We are so grateful to all of you who make this possible!

OPERATIONS

At Love Does we strive to be transparent. This year, to further that promise, we started a nonprofit called the Love Does Parade. This nonprofit houses all of the funds that we use for expenses stateside—from staff salaries, to office rent, travel, and supplies. This model is made possible by a community of generous friends that are committed to sticking with us every step of the way.

The Love Does Parade paves the way for us to send 100% of Love Does donations directly to our international projects.

FRIENDS OF LOVE DOES

Everything we do is made possible by you — our loyal supporters, fundraisers, and friends. In 2018, you rallied together and gave more to our programs than ever before.

ENGAGE:

- EXPANDED TO 1,043 MEMBERS
- GREW 131% YEAR-OVER-YEAR
- REPRESENTS \$489,000 IN ANNUAL RECURRING REVENUE FOR INTERNATIONAL PROJECTS

FINANCIALS

**IN 2018, WE INVESTED
\$1.4 MILLION TO FUND
OUR INTERNATIONAL
PROJECTS.**

Because of your generosity we were also able to:

- Create an endowment for our international programs to start to ensure their longevity
- Allocate funding for new projects we have identified in Somalia, Afghanistan and Uganda in 2019

2018 WAS THE MOST IMPACTFUL YEAR WE'VE EVER HAD.

"I've been studying the miracles Jesus did. There's 37 of them. We think what you're doing for these kids around the world is showing them a 38th miracle. Thank you for living out your love in the world. People will know what we really believe, when they see what we actually do."
