OUR PURPOSE

Our goal here at Love Does is to transform lives with lasting love. We have been working to provide education and fight for human rights in conflict zones throughout the world. With your help to make it possible, we have schools, orphanages, and safe homes in Nepal, Uganda, Somalia, India and Afghanistan. By seeking out the needs of the people and expanding and growing based on those needs, we hope to make a lasting impact in many people's lives.

OUR STRATEGY

In our work in conflict zones and developing countries, we begin by working with locals, who know the most about the true needs, and leaders who can help guide and assist us in implementing the most effective programs. We ask first what the best way is to help, and then we take action. We believe this method assures the best value not only for those benefiting from the programs, but also the donors supplying the funds. We are committed to this wholeheartedly.

2019 WAS A BEAUTIFUL YEAR AT LOVE DOES.

“There has never been two forces more powerful than love and hope. Thank you for living out your love in the world. We will become in our lives what we do with our love.”

-Bob Goff, Founder and Chief Balloon Inflator

UGANDA (CONTINUED)

This year was an exciting time for our primary school, we had our first graduating class! We have been adding one class level at a time since 2013, and this year our primary 7 students sat for their exams and graduated to secondary school. Thanks to your support, this school not only provides an excellent education, but is a safe and fun space for these kids to be together. They all love spending their free time playing on their new playground that was installed this year!

This year we added a new section to our primary campus with the construction of our nursery school for kids ages 3-5. These buildings are custom designed to fit their needs, with plenty of space for learning centers, crafts and group activities. Our hope is that this school will equip these young students with the foundational learning skills that they need to be confident in school and enjoy learning. This school will officially open at the start of the new school year in February 2020!

We were excited to begin an education program in the women's prison in Gulu this year. We have Functional Adult Literacy and vocational skills programs for these women so that they can learn valuable tools for integration back into the community upon their release. We continue to be amazed by the joy and resilience of these women!

SOMALIA

2019 OVERVIEW

This year we were very excited to begin the construction of our new [Girls Leadership Academy](#) in Mogadishu. This academy will open its doors in 2020 to 200 girls between the ages of 12-18. In addition to traditional educational programs, the school will have a special focus on peace building and entrepreneurship. We will create programs for our students to run small businesses - these could be restaurants and cafes, salons, or electronic repair shops to name a few ideas. Each of these businesses will serve a need in the community, empower young women, and bring in funding for our school operations. We aim to grow this model until our school is financially self-sustainable! Our hope is that this academy will help develop confident young women and give them opportunities to learn, grow and be empowered to lead their communities. We cannot wait to cheer these girls on in all they do!

2019 OVERVIEW

The four girls in [our home](#) continue to impress and amaze us. Through all of their activities from sports to school, they are such great supporters and friends to each other. Their maturity, care and kindness shines through in all they do. The addition of a puppy in the home this year was an exciting highlight for them all!

This year we had more kids than ever before attending our [after school program](#). It is a really encouraging indication of how helpful it is for them, and also how at home they all feel there. Each day they come eager for a warm dinner, help with their homework and time with their friends. We have three teachers that run the program, and they all report seeing great progress in the students academically, but also the community of support and friendship that they have created.

Thanks to generous friends, we began construction of a [new primary school](#) in Nepal and cannot wait to see students fill the classrooms in 2020.

AFGHANISTAN

2019 OVERVIEW

Exciting news from [Afghanistan](#) this year was the construction of our very own school building! This new building is so encouraging for these kids and their families, as it signifies not only education, but a permanent place of their own to grow, learn, and rebuild together. Construction is almost complete and we hope to open the doors on our new location in Spring of 2020.

The new school is custom fit for our needs and designed to allow for growth over the next few years as we add a class level each year. We currently have 60 primary school students and hope to grow to 200 or more in the next five years. We are blown away by the gentle and genuine character in these students. They are joyful and grateful, and come to school each day ready and excited to learn!

We are so grateful for our dedicated staff and to all of you who make this incredible place possible!

OPERATIONS

At Love Does we strive to be transparent. To further that promise, we have a nonprofit called the Love Does Parade. The Love Does Parade is a support organization to Love Does that covers all of our overhead expenses. It is a transparent and intentional way to separate our funding while creating a system that we believe will be sustainable for years to come.

The Love Does Parade paves the way for us to send 100% of Love Does donations directly to our international projects.

FRIENDS OF LOVE DOES

Everything we do is made possible by you — our loyal supporters, fundraisers, and friends. This year, more than **two thousand** of you joined together to support our work.

ENGAGE OUR SPONSORSHIP PROGRAM

- EXPANDED TO 1,126 MEMBERS
- REPRESENTS \$565,104 IN ANNUAL RECURRING REVENUE FOR INTERNATIONAL PROJECTS

FINANCIALS

**IN 2019, WE INVESTED
\$1.54 MILLION TO FUND
OUR INTERNATIONAL
PROJECTS.**

Because of your generosity we were also able to:

- Set aside an entire year of operating expenses for each of our international programs. This sum was invested in our endowment fund where it will continue to grow each year to help us ensure the longevity of our projects for years to come.
- Allocate funding for new projects that we have identified to expand into in 2020.
